Floral tributes

Your guide to funeral flowers
Helping you to choose a beautiful floral tribute

We’ve been taking care of funerals for generations and we understand the important role flowers can play in helping to say goodbye.

Just follow our step by step guides below to choose the perfect funeral flowers:

Create a unique floral tribute

**Step 1** -
Think about the type of flowers you would like. We can work with our local florist to create any design that you choose, so that the flowers really say something about your loved one.

This might be as personal as an arrangement that spells out ‘mum’ or ‘dad’ or something simple which has a special meaning for you.

We can use flowers to create tributes which represent hobbies or interests which the person loved; we’ve created animals, cricket bats, cars and even musical instruments out of flowers.

**Step 2** -
Come and talk to us, we’ll be able to discuss your ideas and offer advice. We’ll then liaise with the florist on your behalf and make sure that the funeral flowers are exactly as you want them to be, and a fitting tribute to your loved one.

Choose from our range of funeral flowers

**Step 1** -
If you prefer, you can choose funeral flowers from our beautiful range within this brochure. Take this brochure home and use it to discuss and choose funeral flowers with family and friends. We can tailor all of your exact requirements by changing the size or colours or by using alternative types of flowers.

**Step 2** -
Come and talk to us, whatever your choices, we can take care of all the arrangements for you and order the flowers on your behalf.

You can also buy funeral flowers online at [www.coop.co.uk/funeralcare](http://www.coop.co.uk/funeralcare)

On our website we also have a range of sympathy flowers that are suitable for sending to the bereaved.

The sizes stated in this brochure are approximate and flowers may be subject to change or seasonal availability. Every effort is made to ensure that the floral tributes are supplied in first-class condition. The floral tributes will be supplied by Co-op Funeralcare’s carefully selected local florists. Design accreditation to Interflora for all floral tributes featured in this brochure. Colours in this brochure are as accurate as the print process will allow.
Special Designs

This page and the next have examples of more bespoke arrangements that you may want to consider. You may want to create a tribute to reflect the individual interests, favourite colour or personality of your loved one. If you have an alternative design in mind, please speak to your Funeral Director who will be able to discuss this with you, offer advice and liaise with the florist to design and create a fitting tribute to meet your requirements.
